Ramen, Udon, Soba See our separate noodle menu!

Domo's homemade soup stock is started by simmering fresh vegetables together for at least three hours. At the time of your order, meats and seafood are added to the broth and carefully created into a miso, shoyu, tonyu or curry soup—this is Domo's special method to bring you the light, clear broth we are known for. We do not use tonkotsu, a pork bone based broth — our broths main ingredient are fresh vegetables!

NOTICE: Domo cannot accommodate strict vegetarian or food allergies with special menu preparations or substitutions. It is the customer's responsibility to choose menu items suitable to their constitution. If you are allergic to soybean products, wheat products or any other foods, we cannot guarantee your menu choices will not contain trace items of these foods. Thank you for your understanding!
